Chinese Dual Immersion is a way for students to learn academic content while acquiring another language at the same time. Our school follows the Utah Dual Language Immersion model: 50% percent of the school day is taught in English and the other 50% of the school day students are immersed in Chinese. Our Chinese teachers are native, fluent speakers. The program extends from 1st-12th grades, with the university-level coursework offered in grades 10-12.

For additional information please visit: www.utahchinesedli.org
Decades of research have taught us that immersion programs help students attain high levels of second language proficiency, better than all other programs. Students involved in immersion also show greater cognitive flexibility, focus, memory and superior problem solving skills. These students also enjoy an enhanced understanding of their native language. Immersion students are more aware and demonstrate more acceptance and understanding toward other people and cultures.

HOW DO I APPLY FOR THE DUAL IMMERSION PROGRAM?

Applications can be found online at fiddlers.irondistrict.org or pick one up in the front office.
